

What is Fritidsbanken?

Fritidsbanken functions as a library for sporting goods and equipment. We collect discarded items and lend them to you for 14 days – free of charge of course! We want to give you a chance to try a wide range of athletic activities without worrying about the price. We require no depositions and charge no fees for delays; the system is built on mutual trust and responsibility.

By collecting and lending everything from soccer balls to ice skates we hope to increase the interest in all athletic activities, as well as improve people's overall health and well-being. Our goal is to contribute to a more sustainable society through our recycling of unwanted equipment.

- **Available to everyone**
- **Everything is free of charge**
- **14 days rental period**
